

An Informative Half-day Workshop:

When MIOSHA Enforcement Visits

1 Who Should Attend . . .

This workshop is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance.

The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007.

This course is a MTI Level One course. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

Attendees from both the construction and general industry sector will gain an insight of the process and procedures a MIOSHA compliance officer follows while conducting a workplace inspection and how to respond to MIOSHA citations. Topics covered include inspection types, employer/employee rights and responsibilities, and penalty reduction factors. This program will assist students in preparing for an inspection and students will work through a sample citation. Students will be provided with hands-on exercises to reinforce the principles that are discussed in the course.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Identify Multi Employer Worksites
- ▶ MIOSHA Inspection Process
- ▶ Informal Settlement Agreements
- ▶ MIOSHA Appeals Process
- ▶ Preparing for a MIOSHA Inspection
- ▶ Classroom Activities

This course has been approved for residential builders pre-licensure safety training requirements.

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary

Facilitator

Brian Kellogg joined the MIOSHA Consultation Education Training Division in 2010 as a Safety Consultant specializing in general industry and serves the employers/employees in the mid-Michigan area.

Prior to joining MIOSHA he was the Environmental Health and Safety Manager for an industrial air-moving equipment manufacturer with facilities located in Ohio and Indiana. Brian has experience with safety and environmental compliance in fiberglass, fabrication, welding, machine shop, foundry, paint, and assembly operations. He also spent time as an industrial equipment and machine operator. During his years in private industry Brian developed relationships with local first responder agencies, represented his employer in complaints with OSHA, and defended against citations from state and federal EPA.

Brian earned his Bachelor's degree in Environmental Science from Alaska Pacific University in 2002. Throughout his educational experiences, Brian spent time working with Alaska's marine wildlife and participated in research connected to the Exxon Valdez oil spill.

Brian Kellogg
*Occupational Safety Consultant,
MIOSHA, CET Division*

Program Details

DATE:	July 13, 2011	TIME:	Check-in - 8:30 a.m. Program - 9:00 a.m. to 12:30 p.m.
